

COVID19 Health & Safety Procedures

The following procedures **MUST** be followed if any of your children, **OR ANYONE ELSE IN YOUR HOUSEHOLD**, present with any of the possible COVID19 symptoms:

- a high temperature (37.5° or above)
- a new persistent cough (constant coughing for an hour or more or three episodes throughout the day)
- a loss of, or change to, your normal sense of smell or taste

1. If your child, or anyone in your household, displays any of the above symptoms, you **MUST** keep all your children off school - this includes any siblings.

2. You must get a COVID-19 test. If the test comes back negative (you need to provide proof of this) your children can return to school.

3. If the test is positive, you must inform us immediately and all your children must remain off school for 14 days.

IF YOU CANNOT GET A TEST, AS THERE IS NO AVAILABILITY, YOU MUST ALL REMAIN AT HOME FOR 14 DAYS.

Thank you for your co-operation as we all try to stay as vigilant as possible.
